Monitoring Core Features of Tier 2 Systems and Practices in High Schools

Angus Kittelman

Mimi McGrath Kato

3.30.23 5:00 – 6:00 pm
River Terrance 2

Session Overview

- Describe differences between measuring *systems* and *practices* within MTSS
- Identify *core features* of Tier 2 systems and practices
- Describe how measurement of Tier 2 systems and practices are *unique in high schools*
- Share *novel research* in high schools

UNIVERSITY
OF OREGON

Acknowledgements

- Co-presenters: K. Brigid Flannery & M. Kathleen Strickland Cohen
- 3-year IES-funded development and innovation project focused on adapting a Tier 2 intervention for high schools (PI: Flannery)
- *Research reported here was supported by the Institute of Education Sciences and Office of Special Education Programs, U.S. Department of Education, through Grants R305A180015 and H326S180001 to the University of Oregon. The opinions expressed are those of the authors and do not represent views of the Institute, Office, or the U.S. Department of Education*

Questions

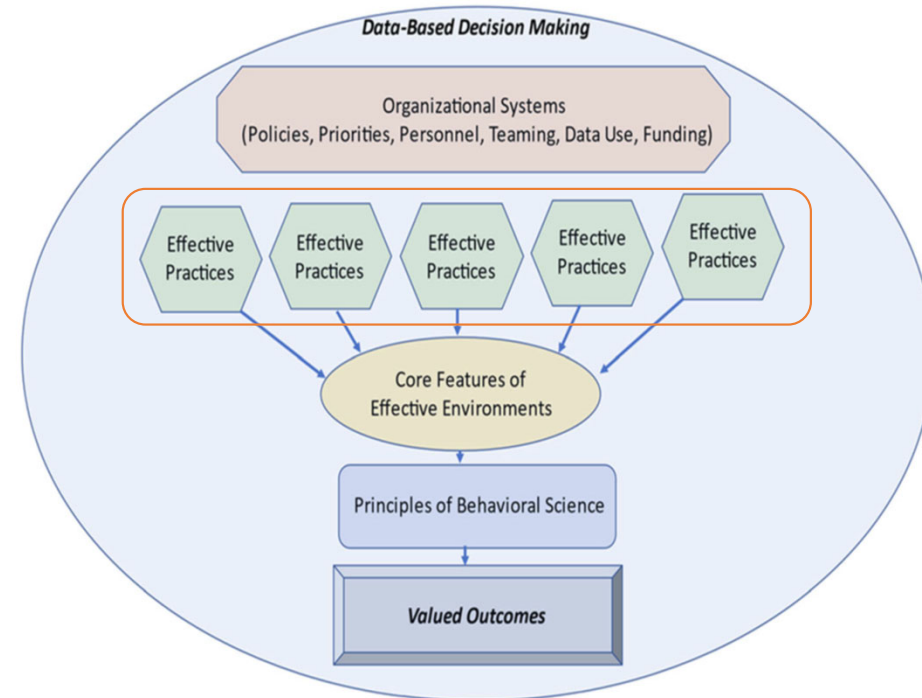

- *What are the differences between implementing systems and practices within an MTSS framework?*
- *Which come first and why?*

Practices vs. Systems

- Practices identify...
 - Actions of implementers
 - Populations
 - Characteristics/skills expected by implementers
 - Contexts for implementation
 - Expected outcomes

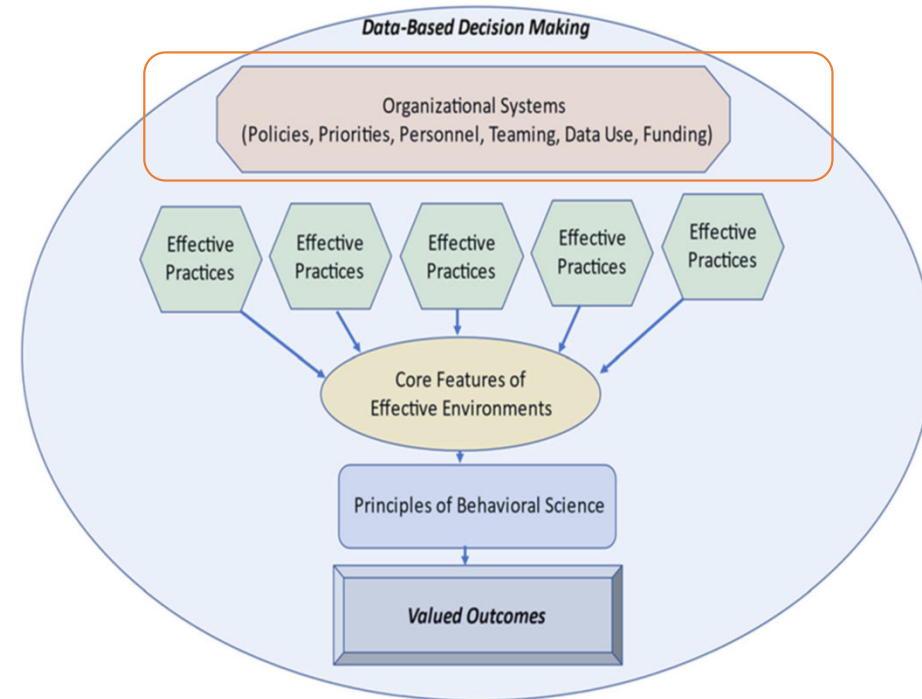

Horner & Kittelman (2021)

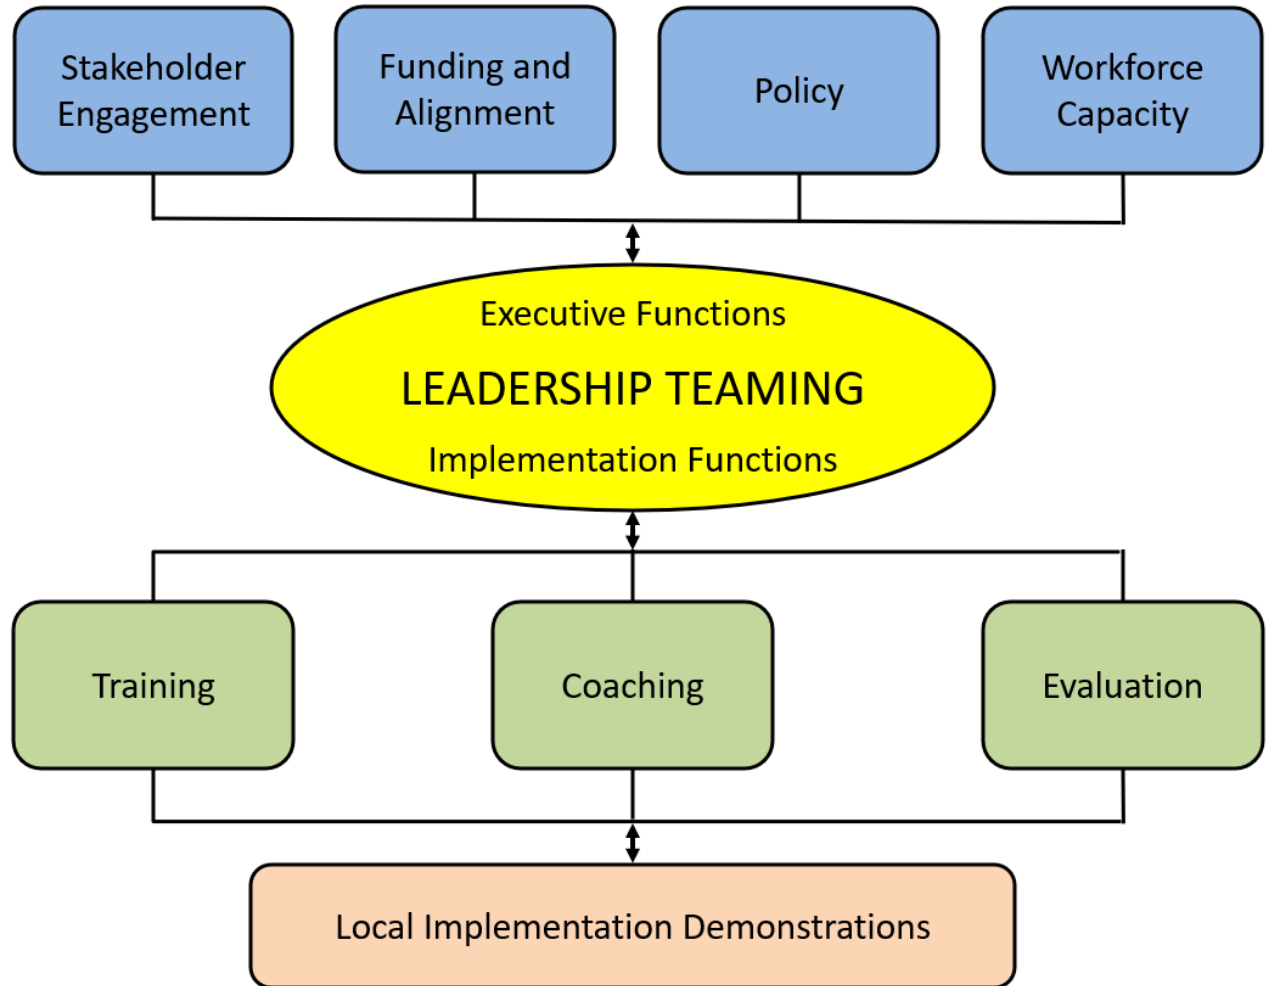

Practices vs. *Systems*

- Systems are...
 - Structural components & processes to facilitate implementation of practices
 - Build supportive infrastructures that embed practices into routines in organizations
 - Safeguards that protect against abandonment of practices

Horner & Kittelman (2021)

Systems..

PBIS Positive Behavioral Interventions & Supports
OSEP TECHNICAL ASSISTANCE CENTER

Positive Behavioral Interventions and Supports Implementation Blueprint:

PBIS District Systems Fidelity Inventory (DSFI)

Technical Assistance Center on Positive Behavioral Interventions and Supports

U. S. Department of Education, Office of Special Education Programs

Version 0.2 2020 September 28

Questions

- *Are Tier 1 systems important for implementing Tier 2 practices and systems?*
- *If so, what systems are needed at Tier 1 to build supportive infrastructures for Tier 2?*

UNIVERSITY
OF OREGON

Readiness for Advanced Tiers?

- ✓ Tier 1 school team trained/active
- ✓ Tier 1 implemented with fidelity for 1 to 2 years
- ✓ Tier 1 classroom systems established and used by school personnel with fidelity
- ✓ Implementing and using a data collection and decision systems
- ✓ Data indicate positive effects of Tier 1 implementation on student outcomes

WHEN DO SCHOOLS RECEIVE TIER 2 AND 3 PBIS TRAINING?

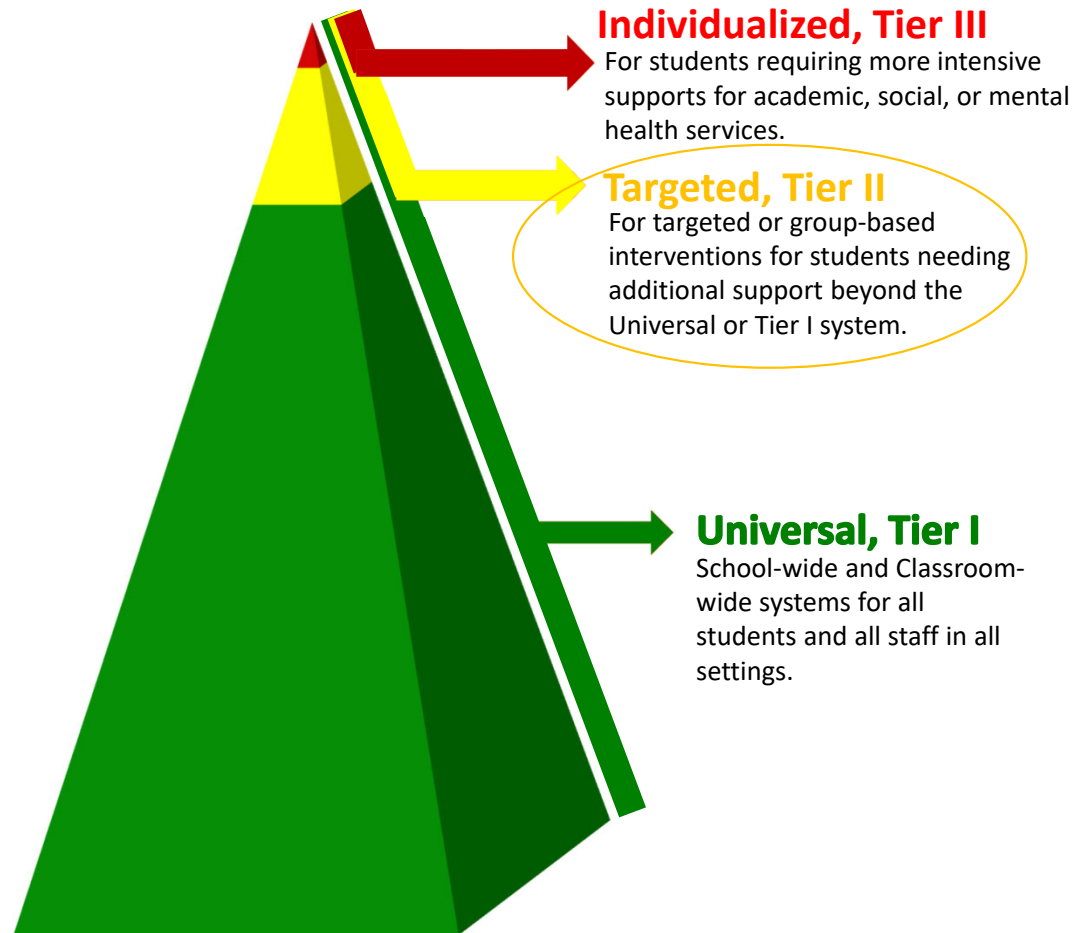

ANGUS KITTELMAN, KENT MCINTOSH, STERETT H. MERCER, LAUREN EVANOVICH,
KIM GULBRANDSON, MELISSA NANTAIS, JENNIFER NORTON, GORDON WAY,
SARA IZZARD, & RHONDA N. T. NESE

October 2022

Why Tier 2?

Tier II is an additional layer of prevention to reduce number of students in need of individualized supports

- More time and instruction for skill development
- More structure and predictability
(during a routine/subject or across the day)
- Structured performance feedback
- Development of self-management skills
(self-monitoring, self-instruction, self-correction)

Core Features of Tier 2 Organizational Systems

- Efficient Tier 2 team with behavioral expertise
- Use of data-based decision making (fidelity and outcome)
- Student screening and identification
- Training and ongoing support (staff, students, families)
- Coordinated with Tier 1 and Tier 3 systems
 - Teaching/Training
 - Acknowledgement

www.pbis.org/pbis/tier-2

UNIVERSITY
OF OREGON

For More Information on Tier 2 Systems Components

Tier 2: Targeted SWPBIS Features

NOTE: This section may be completed individually or with other tiers as part of the full Tiered Fidelity Inventory

Feature	Possible Data Sources	Scoring Criteria
Subscale: Teams		
2.1 Team Composition: Tier 2 (or combined Tier 2 & 3) team includes a Tier 2 systems coordinator and individuals able to provide (a) applied behavioral expertise, (b) administrative authority, (c) knowledge of students, and (d) knowledge about operation of school across grade levels and programs.	<ul style="list-style-type: none"> School organizational chart Tier 2 team meeting minutes 	0 = Tier 2 team does not include coordinator or all 4 core areas of Tier 2 team expertise 1 = Tier 2 team does not include coordinator and all 4 core areas of Tier 2 team expertise OR attendance of these members is below 80% 2 = Tier 2 team is composed of coordinator and individuals with all 4 areas of expertise, AND attendance of these members is at or above 80%
2.2 Team Operating Procedures: Tier 2 team meets at least monthly and has (a) regular meeting format/agenda, (b) minutes, (c) defined meeting roles, and (d) a current action plan.	<ul style="list-style-type: none"> Tier 2 team meeting agendas and minutes Tier 2 meeting roles descriptions Tier 2 action plan 	0 = Tier 2 team does not use regular meeting format/agenda, minutes, defined roles, or a current action plan 1= Tier 2 team has at least 2 but not all 4 features 2 = Tier 2 team meets at least monthly and uses regular meeting format/agenda, minutes, defined roles, AND has a current action plan

Scoring Criteria: 0=Not implemented; 1=Partially implemented; 2=Fully implemented

BEP-FIM

■ Measures core components of CICO systems

- ✓ Tier 2 or Tier 2/3 team
- ✓ Student identification systems
- ✓ Data system
- ✓ Data-based decision making

Check-in, Check-out Fidelity of Implementation Measure (BEP-FIM) Scoring Guide

School: _____ Date: _____ Pre: _____ Post: _____
 District: _____ State: _____ Data collector: _____

<u>Evaluation Question</u>	<u>Data Source</u> P = permanent product; I = Interview; O= Observation	<u>Score</u> 0-2
1. Does the school employ a CICO coordinator whose job is to manage the CICO (10-15 hours per week allocated) (0 = No CICO Coordinator, 1 = CICO coordinator but less than 10 hours per week allocated, 2= CICO Coordinator, 10-15 hours per week allocated)	Interviews with Administrator & CICO Coordinator	I
2. Does the school budget contain an allocated amount of money to maintain the CICO (e.g. money for reinforcers, DPR forms, etc. (0 = No, 2 = Yes)	CICO Budget Interviews	P / I
3. Do students who are referred to CICO receive support within a week? (0 = more than 2 weeks between referral and CICO support, 1 = within 2 weeks, 2 = within a week)	Interview CICO Referrals & CICO Start dates	P / I
4. Does the administrator serve on the CICO team or review CICO data on a regular basis? (0 = no, 1 = yes, but not consistently, 2 = yes)	Interview	I
5. Do 90% of CICO team members state that the CICO system has been taught/reviewed on an annual basis? (0 = 0-50%, 1 = 51-89%, 2 = 90-100%)	Interview	I
6. Do 90% of the students on the CICO <u>check-in daily</u> ? (Randomly sample 3 days for recording) (0 = 0-50%, 1 = 51-89%, 2 = 90-100%)	CICO recording form	P
7. Do 90% of students on the CICO <u>check-out daily</u> ? (Randomly sample 3 days for recording) (0 = 0-50%, 1 = 51-89%, 2 = 90-100%)	CICO recording form	P
8. Do 90% of students on the CICO report that they receive reinforcement (e.g. verbal, tangible) for meeting daily goals? (0 = 0-50%, 1 = 51-89%, 2 = 90-100%)	Interview students on CICO	I
9. Do 90% of students on the CICO receive regular feedback from teachers? (randomly sample 50% of student DPR's across 3 days) (0 = 0-50%, 1 = 51-89%, 2 = 90-100%)	CICO Daily Progress Reports	P
10. Do 90% of students on the CICO receive feedback from their parents? (0 = 0-50%, 1 = 51-89%, 2 = 90-100%)	CICO Daily Progress Reports	P
11. Does the CICO coordinator enter DPR data daily? (0 = no, 1 = 1-4 x a week, 2 = daily)	Interview	I
12. Do 90% of CICO team members indicate that the daily CICO data is used for decision-making? (0 = 0-50%, 1 = 51-89%, 2 = 90-100%)	Interview	I

Measures Core Components of CICO Practice Implementation

UNIVERSITY OF OREGON

Instructions:

- Watch the CICO Facilitator provide a morning check-in with 1 randomly selected student.
- Mark Y, N, or N/A for each of the listed indicators.
 - Y if observed N if not observed N/A if not applicable for the situation

Adherence & Quality Indicators	Y	N	N/A
1. Facilitator greeted student			
1.a) Appropriate tone & non-verbal behavior (e.g., facial expression)			
1.b) Smooth/automatic			
2. Facilitator asked student for Home Report from previous day (could be N/A if student was absent the previous day)			
2.a) Appropriate tone & non-verbal behavior (e.g., facial expression)			
2.b) Smooth/automatic			
3. Facilitator provided a DPR and/or prompted student to get a DPR/folder.			
4. Facilitator verbally reminded student of 1 or more expectations to work on or prompted student to identify 1 or more expectations to be met.			
4.a) Appropriate tone & non-verbal behavior (e.g., facial expression)			
4.b) Smooth/automatic			
4.c) Specific (“Remember, today you are working on Safe, Respectful & Responsible)			
4.d) Responsive			
5. Facilitator verbally identified/discussed student goal for day (e.g., % or number of points or smile faces to earn)			
5.a) Appropriate tone & non-verbal behavior (e.g., facial expression)			
5.b) Smooth/automatic			
5.c) Specific (e.g., “Today your goal is set for 80%. Do you think you can earn this?”)			
5.d) Responsive			
6. Facilitator verbally checked that the student and/or materials were ready for class			
6.a) Appropriate tone & non-verbal behavior (e.g., facial expression)			
6.b) Smooth/automatic			
6.c) Specific (“You’ve got your DPR, and your homework. Have a great day!”)			
6.d) Responsive (“If you haven’t eaten breakfast yet, go get something before class.”)			

PBIS Check-In/Check-Out Fidelity Checklist

School: _____ Date: _____

Student: _____ Fidelity Checker: _____

1. Student checked-in with a designated mentor before school started.	Yes	No	did not observe
2. Check-in mentor positively acknowledged student at check-in, gave student a daily progress report, and ensured that the student had materials needed for first class.	Yes	No	did not observe
3. Student gave daily progress report to each teacher at the beginning of designated class periods.	Yes	No	did not observe
4. Teachers positively acknowledged student when given daily progress report.	Yes	No	did not observe
5. Teachers provided contingent feedback at end of class period.	Yes	No	did not observe
6. Student checked-out with designated mentor at the end of the day.	Yes	No	did not observe
7. Student took daily report home to get parent signature.	Yes	No	did not observe
8. Student’s Check-In/Check-Out points have been recorded daily.	Yes	No	did not observe
9. Student’s Check-In/Check-Out data is reviewed by the PBIS Facilitator at least every two weeks.	Yes	No	did not observe
10. Process in place for student’s Check-In/Check-Out to be: (a) faded to self-management if it is effective, or (b) linked to function-based support if it is not effective.	Yes	No	did not observe

CICO-Secondary Evaluation Studies

1. Kittelman et al. (2019)

- Piloted with 5 students in 1 high school
- Positive effects for student who participated with high fidelity
 - Increased academic engagement; decreased disruption

2. Kato et al. (2023)

- Implemented with 23 students (44% w/IEP) in 2 high schools
- Significant correlation between student/teacher fidelity and behavioral expectations (88% fidelity overall)
- Majority of teacher comments were positive or positive/corrective

3. Kittelman et al. (under review)

- Single-case experimental study with 3 student (2 w/IEPs)

“Great turnaround, thanks for working hard after your break!”

Single-Case Study: CICO-Secondary

(Kittelman, Lissman Cohen, Kato, Flannery, Horner, Izzard, St. Joseph, & Mowery., under review)

Single-Case Study

Research Questions:

1. Can CICO-Secondary be implemented with fidelity?
2. Is there a functional relation between implementation of CICO-Secondary and improved student outcomes?
3. Do students and school personnel perceive CICO-Secondary to be socially acceptable?

Setting

- One public high school in the pacific northwest
- Implemented CICO-Secondary during 2019-20, 2021-22 school years

Participant	Characteristics	A-Day	B-Day
Tracy	9 th grade, White, female, no IEP	English	Science
John	9 th grade, White, male, with IEP	Algebra	Science
Dan	9 th grade, White, male, with IEP	Social Studies	Science

Measurement of Systems and Practice Fidelity Part 1.

- Systems and CICO fidelity
 - **Systems fidelity**
 - 2019-20 TFI Tier 1 fidelity = 83%
 - 2019-20 TFI Tier 2 fidelity = 77%
 - CICO-Secondary Intervention Development Checklist = 80%
 - **CICO fidelity**
 - Check-in (x1)
 - Greet teacher (x4)
 - Self-rate (x4)
 - Teacher-rate (x4)
 - Check-out (x1)

Setting and Questions

- 1 high school in Pacific Northwest (1,391 students)

Student	Grade	Gender	Race	IEP	A-Day	B-Day
Tracy	9	F	White	No	English	Science
John	9	M	White	Yes	Algebra	Science
Dan	9	M	White	Yes	Social Studies	Science

- Personnel
 - 5 teachers (2 per student): John, Dan same science teacher but different periods
 - 3 coordinators: 2 White females, 1 Black male
- RQs
 - *CICO-Secondary implemented with fidelity?*
 - *Functional relation between CICO-Secondary and improved student outcomes?*
 - *Students and staff perceive CICO-Secondary as socially acceptable?*

Method

- Observation
 - 2 school years due to COVID-19 (2019-20 & 2021-22)
 - John and Dan (Feb 2022 – March 2020)
 - Tracy (April 2022 – June 2022)

Measures

Fidelity	Behavior	Acceptability
3 components per class 1) Student greet 2) Student self-rate 3) Teacher self-rate 2 components per day 1) Morning check-in 2) Afternoon check-in	Academic engagement 1. 7/10-s whole interval Disruptive behavior 2. 10-s partial interval	9-item self-report measure (1 = strongly disagree; 6 = strongly agree)

Method

- Interobserver agreement (IOA)
 - Collected across 27% of students/phases
 - IOA 94% for academic engagement
 - IOA 96% for disruption
- Procedures
 - Baseline (A), CICO-Secondary training, intervention (B)
- Design and analysis
 - Nonconcurrent multiple baseline design
 - Visual analysis
 - Between-case standardized mean difference (BC-SMD) (Pustejovsky et al., 2014)

Results

- RQ1: Procedural Fidelity
 - Overall mean/range
 - Tracy = 70.9%; rng = 50 - 100%
 - John = 77.5%; rng = 50 - 100%
 - Dan = 86.9%; rng = 50 - 100%

Student	Days of Participation	Check-In	Greet Teacher	Self-Rate	Teacher Rate	Check-Out
Tracy	13	100%	62%	60%	73%	100%
John	12	100%	62%	75%	79%	100%
Dan	6	100%	72%	83%	83%	100%

Results

■ RQ2: Student Outcomes

■ Academic engagement

- Tracy: Baseline = 55.6%; Intervention = 75%
- John: Baseline = 53.2%; Intervention = 72.2%
- Dan : Baseline = 45.1%; Intervention = 80.1%

■ Disruption

- Tracy: Baseline = 4.3%; Intervention = 2.6%
- John: Baseline = 9.8%; Intervention = 7.2%
- Dan: 86.9: Baseline = <1%; Intervention = 5.1%

■ Effect size

- BC-SMD: 1.05, $SE = 0.21$; CI [0.63, 1.47]

Recommendations for Implementation of Tier 2 Systems in High Schools

- Ensure core components of Tier 1 system are in place
- Take time to build buy in with implementing staff
- Ensure sufficient FTE available and provide thorough training
 - Protected time (check ins/outs)
 - Flexible time (student/teacher/caregiver follow up as needed)
- Remember to progress monitor ... ask, “is it working?”
- Regularly assess and work to improve/maintain fidelity (TFI, BEP-FIM)

Recommendations for Implementation of Tier 2 Practices in High Schools

- Train teachers in person (email is insufficient)
- Adjust for your context but keep core features in place
- Ensure teams have system to summarize fidelity and outcome data
- Respond quickly to low fidelity (have an available list of strategies)
 - Peer support
 - Re-training
 - Adjust acknowledgements as needed
- Establish decision rules to evaluate whether implementation/adaptions are effective
 - Increase in performance
 - Increase in fidelity

National PBIS Leadership Forum

www.pbisforum.org

October 26-27, 2023

Hilton Chicago, Chicago, IL

Mark your calendar now

for the **2023 National PBIS Leadership Forum!**

This two-day forum is designed to support school, state, regional, and local educational leaders, together with community and family partners, to increase the effectiveness of school environments through PBIS. Sessions and topic-specific strands will provide guidance and tools for strengthening prevention-based systems that support the social, emotional, and behavioral needs of students to ensure engagement in learning.

Registration opens in May!

The National PBIS Leadership Forum is a technical assistance activity of the Center on PBIS

Thank you!
