Session I04 : Ready, Set, Go: Lessons Learned Preparing Schools to Implement Proactive Restorative Practices

Robyn Vanover, University of South Florida
Frances Basich, School District of Palm Beach County, Florida
Michael Kanusky, School District of Palm Beach County, Florida
Goals of the Session

- Identify the term Proactive Restorative Practices
- Emphasis the importance of integrating and aligning evidence based instructional strategies and Proactive Restorative Practices within a PBIS framework
- Share the readiness steps and resources the Palm Beach County School District used to prepare school-based teams for training and implementation of Proactive Restorative Practices
Who’s Here?

• District Personnel
• Administrator
• School Counselor
• Community Agency
• Teacher
• Support Personnel
• MTSS/PBIS Coordinator
• University Personnel
• Other
RP Across the Tiers

- Community Restorative Conferencing
- Family Group Conferencing (FGC)
- Family Group Decision Making (FGDM)
- Peer juries
- Peer mediation
- Shuttle mediation
- Mediation
- Restorative meetings
- Restorative conversations
- Informal conferences
- Problem-solving circles
- Restorative meetings
- Restorative questioning
- Affective statements & scripts
- “Checking-In” circles
- Using social/emotional curriculum

McCluskey et al., 2011
District Readiness

- Yearly Implementation Plan/Action Plan
- District coordination with a Point of Contact
- District collaboration between departments
- District level training
- Administrator overview
- Discuss expectations and integration within MTSS/PBIS
- Propose train-the-trainer process
Palm Beach County – Project Connect
Their Journey
Ready, Set, Go: Lessons Learned Preparing Schools To Implement Proactive Restorative Practices

The School District of Palm Beach County
Frances Basich – SCTG/Project Connect
Michael Kanusky – SCTG/Project Connect
SCHOOL CLIMATE TRANSFORMATION GRANT (SCTG)/PROJECT CONNECT OVERVIEW

● In 2014, U.S. Department of Education, Office of Special Education Programs (OSEP), and Office of Elementary and Secondary Education (OESE) developed School Climate Transformation Grant (SCTG) to enable State Education Agencies (SEA’s) and Local Education Agencies (LEA’s)

● In 2014, 71 LEA’s awarded; in 2019, SPBPC one of 69 LEA’s awarded

● SCTG 2019 Focus: To build capacity at school & district levels for implementing a sustained PBS framework integrated with Skills for Learning and Life (SLL) for students and adults along with opioid abuse prevention
Ready or Not …

- Individualized coaching and support for Tier 1/Core fidelity using the Benchmarks of Quality (BoQ) which helped determine readiness for Restorative Practices
- Met with school leadership to review PBS data measures and identify outcome goals (decrease ODR’s, improve relationships, etc.)
- SCTG/Project Connect team was trained in Proactive Restorative Practices by FLPBIS to build capacity
- Project Connect team attended regularly scheduled collaboration meetings with our District departments to ensure common language
- False sense of readiness for the participating schools
Problem Solving - Barriers Identified with 1st Cohort

**Data**
- 3 middle and 3 high schools
- Low participation from school teams at FLPBIS Proactive RP training (1 out of 6)
- Limited completion of RP Readiness Form

**Practices**
- Preparing school administrators for what to expect with Proactive RP
- Who, what, when, where, and how

**Systems**
- Deciding which facilitators will follow through and yield the best possible outcomes
- Team development - expectation of implementation

**Outcomes**
- 1 teacher submitted Fidelity Checks in SY22

Center on PBIS
Problem Solving - Revisions and Modifications

Data
- 4 middle and 2 high schools
- All 6 schools submitted RP Readiness Form
- 92% attendance at Summer RP Training

Practices
- Tailored RP Readiness Form to the District
- Hosted RP Overview Meeting for principals
- Provided individualized coaching and support with leadership teams at each school
- Offered numerous Proactive RP trainings throughout the summer with a stipend

Systems
- SLL District team creates Community Circle lessons for all teachers
- All RP teachers required to sign up for a support session with a PC coach
- RP implementation tied to Year 4 funding

Outcomes
- 27/30 (90%) of RP teachers have submitted a Fidelity Check in SY23
- 28/30 (93%) of RP teachers signed up for support session

9. Following the completion of Community Circles training, designated administrator will communicate the following expectations to all RP Teachers:

- Complete monthly [Fidelity Check of Community Circle Components](#) (minimum 1x per month)
- Ensure fidelity of implementation of Community Circles with students during designated time of the day
  - Middle Schools - **Daily** Implementation
  - High Schools - **Weekly** Implementation

10. Following the completion of Community Circles training the designated administrator will actively support the following components:

- Follow-up with RP Teachers to ensure completion of the [Fidelity Check of Community Circle Components](#) (once a month)
- Document the number of Community Circles used in a school per month
  - Middle Schools - **Daily** Implementation
  - High Schools - **Weekly** Implementation
- *Non-evaluatively* observe Community Circles within the classroom

---

Adapted from the USF RBP School Readiness Checklist
Community Builder:
Turn to the person on you left and your right and share a word of encouragement for the day.

We care about ourselves, are kind to others, and are responsible for ourselves and our community.

SLL Lesson:
Week 22 Secondary Lesson
Theme: Helping Others Feel Valued & Included
Competency: Relationship Skills

“It is easier to reach our potential when we learn the value of including others in our quest.”
–John Wooden
"CJ, you're driving me nuts" is what I wanted to say or "CJ, I'm going to tell your Mom," but alas, I found a proper sentence that was 'almost near' the Restorative Justice approach – state the 'Feeling, Behavior, the Why, and a Better Option.' Good Lord, this is easier said than done! It took me a few minutes to get the wording right, but the outcome was awesome. I am so ready to implement 'Project Connect' and excited to see it at work in our school SY23 Thank you, Project Connect.” (Wanda, HS SPED Teacher; regarding implementing affective statements with her grandchildren after summer RP PD)
Problem-Solving Outcomes

Testimonials

● "My class does Community Circles 2 days per week and after the 3rd month of school, I had a student come up to me and say he was so glad that we do these circles because he is able to build friendships with other classmates based on things they have in common. That meant a lot to him since it was his first year at our school." - Joshua (HS SPED Math Teacher)

● "By using Community Circles, I can see students developing relationships with their peers that were not there at the beginning of the year." - Tanya G. (2nd Grade Teacher)

RESTORATIVE PRACTICES

Level UP! Supporting Student Behavior With PBIS and Restorative Practices

Restorative Practices + PBIS = Student Success!

Dr. Michele F. Flowers, Educational Consultant and Trainer
Coordinating Supervisor Student Discipline, Prevention, and Intervention
Clayton County Public Schools, Jonesboro Georgia
OBJECTIVES

1. Learn how utilization of RP can enhance the PBIS framework and implementation in schools.
2. Define the elements of classroom circles.
3. Practice classroom circles.
4. Develop a plan for implementing classroom circles.
GOALS OF PBIS AND RP

• To build a safe, respectful, and productive learning environment
• To establish a positive school climate where students and adults have strong, positive relationships and students understand what is expected of them as learners at school
• Positive relationships are shared by all stakeholders
• Inclusive school community
• Less reliance on exclusionary discipline practices
Why Implement PBIS and RP Together? Why Not Choose One?

► With PBIS but not RP: Some students may know and understand the expectations of the classroom and the school, but do not feel sufficiently connected to their classroom and/or the school, and so are not motivated to adhere to norms (which they feel have been forced upon them). Accordingly, these students are unmotivated to repair harm they have done to others within the scope of those norms. When they receive consequences (especially those resulting in exclusion), they view those consequences as oppressive or unfair, and their feelings of belonging are further diminished, making misbehavior more likely in the future.

► These students’ skill outpaces their will.
WHY IMPLEMENT PBIS AND RP TOGETHER? WHY NOT CHOOSE ONE?

► With RP but not PBIS: Some students may desire to be a part of their learning community and to adhere to its norms, but lack the necessary executive functioning skills to do so consistently. Other students may have developed behavior response mechanisms that meet their needs in other environments but are maladaptive to school. They are not given the explicit teaching necessary to be successful within the community’s norms, and so become frustrated by their repeated need to restore and repair harm.

► These students’ will outpaces their skill.
TYPES OF RESTORATIVE PRACTICES

Affective Statements
- Everyday usage
- “I” statements
- Describes how something made you feel

Circles
- Morning meetings
- Social/emotional instruction (e.g. empathy)
- Problem-solving class-wide issues

Restorative Conferences
- Informal conference
- Restorative meeting and chats
- Restorative conferences

Reintegration Procedures
- Restore relationship between offender & victim
- Classroom and/or office-managed offenses
- Match to severity of incident
CIRCLES

• A structured process for bringing people together to:
  • Understand one another
  • Strengthen bonds
  • Share & understand feelings
  • Solve problems

TOPOGRAPHY OF A CIRCLE

• Participants sit in circle
• All members have equal status
• Designated facilitator
• Identify expectations:
  • Be Honest
  • Speak with respect
  • Follow structure
• Everyone has the opportunity to participate
• Participation is encouraged but optional
CIRCLE GUIDELINES

Respect the Talking Piece.

Speak from the heart.

Share just enough.

Listen with respect.

Remain in the circle.

Honor confidentiality.
COMPONENTS OF A CLASS CIRCLE

- Greeting/Focusing Moment
- Connection/Feelings Check-In
- Closing
- Activity
Why use circles in addition to existing teaching methods?

- Additional tool for teaching and/or re-teaching
- Existing lesson plans do not address social/emotional learning
- Circle structure offers benefits beyond traditional classroom arrangements.
- Reactive circles support problem-solving skills for addressing problem behavior
EXAMPLES OF CIRCLES AT SCHOOL

• Introduce and re-teach expectations and rules to students
• Provide lesson on social-emotional learning
• Address a class-wide behavior issue (i.e. disruption, name calling)
• Address a schoolwide issue (i.e. hallway issues, event on campus that impacted all students)
• Address an issue with a group of students (i.e. 6th grade in the cafeteria, behavior on bus route 202)
• Provide Tier 2 supports (i.e. social skills training)
• Staff are in disagreement about “gum” chewing on campus
• Staff are inconsistent with performing hallway duty
• Can also be used to teach academic skills (i.e. math facts, states & capitals, words and definitions)
GREETING/FOCUS MOMENT

• Greeting/Focusing moment
  • Happens first to set positive tone
  • Everyone in circle is included
  • Their name is said once
  • Respectful and friendly
  • Short time frame
    (between two to five minutes)

Examples of Greetings:
  • Group greeting
  • Match card greeting
  • Spider web greeting
  • I wonder…

Created by M. Flowers
EXAMPLES OF GREETINGS

• Group greeting – when a person says their name and everyone greets them at once
• Match card greeting– one student gets a math problem 3 X 2 and another person gets 6 and they have to find their match
• Spider web greeting- using a ball of yarn, one student starts and rolls ball to person on another side of circle and greets them. The student greets them back and rolls it to another student continuing until all students are greeted and then go backwards to roll ball of yarn back up.
• I wonder…..Have index cards with lots of different questions for example—If you could be any superhero, who would be? Why? If you could have one wish come true, what would it be? Why?
• Other Ideas?

Examples adapted from https://www.responsiveclassroom.org/article/keeping-morning-meeting-greetings-fresh-and-fun
CONNECTION/FEELINGS
CHECK-IN

• Builds relationships among students
• Creates connections among teachers and students and school and home
• Encourages multiple perspectives
• All have a chance to share

Keep it fresh – use a variety of greetings
“Whose a five today?”

• This is a very brief way of checking in with your participants/students, seeing how they feel today. Here’s a sample scale:
  • 5 = Couldn’t be better, feeling energized and happy, excited for the day to begin
  • 4 = Feeling pretty happy, relaxed, feeling relatively optimistic about the day
  • 3 = So-So, relaxed, not particularly excited or happy but still alert & engaged
  • 2 = Not terrible, a little low energy, not particularly motivated to be here
  • 1 = Feeling really bad, really low energy, I would rather be somewhere else
CIRCLE ACTIVITY

• Makes up the bulk of the circle

• Can have many different purposes:
  • To discuss a classroom issue
    • Example: Issue with name-calling
  • To review school-wide expectations
    • Example: review what ‘be respectful’ looks like in the classroom
  • To review procedures
    • Example: Review the process for getting ready for lunch
  • To teach social/emotional skills
    • Example: How to handle disappointment
CLOSING

• Use a signal that indicates the circle is closing
• Reflections
  • What went well
  • What did they learn
  • What do they need to do as a result of activity or discussion
• “Daily News” – Review the schedule for the day
CLOSING: EXAMPLES

• Two-word check out
• Reflective questioning
• Student-developed closing
• Song
• Chant
• Pledge
COMPONENTS OF A CLASS CIRCLE

Greeting/ Focusing Moment

CLASS CIRCLES

Connection/ Feelings Check-In

Closing

Activity
TIME TO PRACTICE
GREETING AND FOCUSING MOMENT

Greeting/Focus Moment

- Greeting/Focusing moment
  - Happens first to set positive tone
  - Everyone in circle is included
  - Their name is said once
  - Respectful and friendly
  - Short time frame (between two to five minutes)

Examples of Greetings:
- Group greeting
- Match card greeting
- Spider web greeting
- I wonder...
If you were a city, what city would you be?
CONNECTIONS AND FEELINGS CHECK-IN
Using your talking piece, respond to the following prompt:

The type of weather I feel like is...

Multi-tiered System of Support (MTSS) & RJ Practices Framework at Concord High School

Margie Borawska, Ph.D.
Tim Herbert, Ed.D.
Advantages: Improvements in School Culture & Climate

Climate Supports Academic Learning
• Staff support risk taking, independent thinking and offer varied opportunities to show mastery

Knowledge & Fairness of Schoolwide Norms & Expectations
• Expectations are clearly defined, taught & consistently followed & enforced

Safety
• Staff & students feel safe and supported, and free from physical & verbal abuse, teasing, or exclusion

Sense of Belonging
• All school members feel a sense of acceptance, value and are welcomed and included in all settings
Flipping the Script

- From organizing solely around academics to organizing around wellness
- From planning/organizing around individual needs to organizing overall environments to be nurturing
- From justice to increased supports within our discipline system
- From specific interventions to organizing whole child reform effort using public health framework
- From isolated departments and youth serving agencies to single system of delivery using public health framework
- From reviewing data from a single/isolated view to 360 view
- From reactive to preventative, proactive
Crimson Culture 5.0

Collaboration
Communication
Creativity
Self-Direction
Collaboration

- I accept feedback, reflect, hold myself accountable, and learn from my mistakes.

- I actively contribute with others to establish a common goal even when it’s challenging.

- I cooperate with others.
Communication

- I actively listen to and engage with others to create a mutual understanding.
- I ask about, value, and celebrate differences; and encourage others to do the same.
- I am mindful of my environment and audience while I exchange ideas in a constructive way.
Creativity

- I inspire a welcoming and creative space.
- I embrace change and adapt when needed.
- I strive to problem-solve by considering many perspectives.
Self-Direction

- I take initiative.
- I advocate for and respect my well-being.
- I allow myself to ask for help when I need it.
- I am responsible to say something when I see something that does not reflect the values of our crimson culture.
Restorative Practices in the Classroom

• Creating a sense of community:
  • Whole class community building circles
  • Pair and share
  • Check ins

• A Few Instructional Practices:
  • Fishbowl
  • Jigsaw
  • Check for Understanding
  • Student Driven Self-Reflection on class work
Problem Solving Practices for the Classroom

• Student Reflection on Behavior
• Affective Statements
• Problem Solving Circles
• Reentry Planning
  • Getting acquainted
  • Building Relationships
  • Addressing Issues
  • Developing Action Plans
